

The background image shows a large industrial building with a facade of vertical white and grey panels. In the foreground, there is a grassy area with a stone path, a tall metal structure, and several large industrial transformers. The sky is clear and blue.

FY 2022 Earnings Release

March 23, 2023

The information contained in this presentation of results has been prepared by Arteche Lantegi Elkarte, S.A. (hereinafter the Company or Arteche Group) and includes financial information drawn from the annual accounts of the Company and its Group as of fiscal year 2022 audited by Ernst & Young S.L, as well as declarations concerning future forecasts.

The information and declarations concerning future forecasts about Arteche Group are not historical facts, as they are based on numerous assumptions, subject to risks and uncertainties, many of which are difficult to predict and, generally, beyond the control of Arteche Group. Shareholders and investors are hereby informed that these risks could lead to real results and developments significantly differing from those expressed, implied or projected in the information and future forecasts. With the exception of the aforementioned information, the information, opinions and statements contained in this document have not been verified by independent third parties and, for this reason, no warranty of any kind, either express or implied, is given regarding the impartiality, accuracy, completeness or correctness of the information, opinions and statements expressed therein.

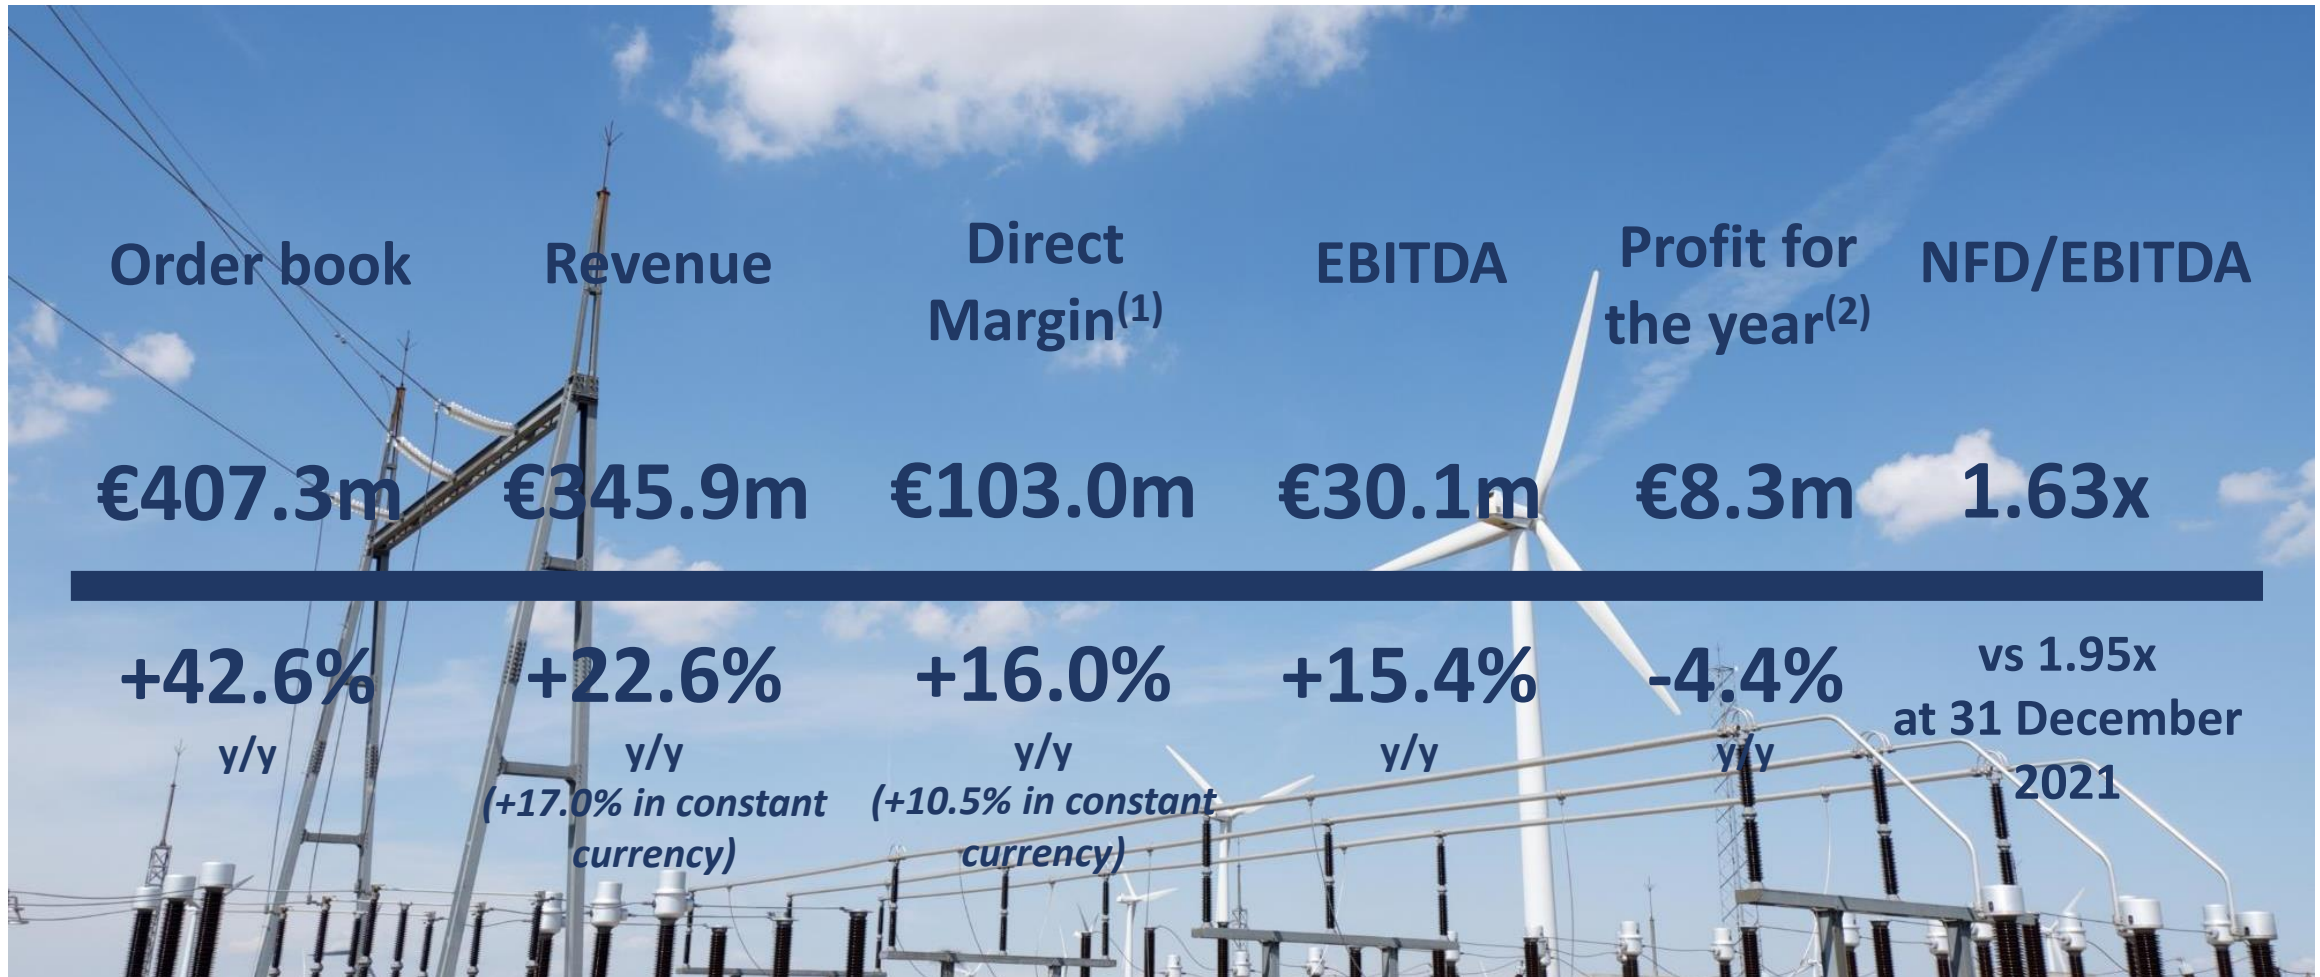

This document does not constitute an offer or invitation to purchase or subscribe shares, in accordance with the provisions of the Spanish Royal Legislative Decree 4/2015 of 23 October, approving the consolidated text of the Securities Market Act, and its draft legislation. Likewise, this document does not constitute an offer of purchase, sale or exchange, nor a request of an offer of purchase, sale or exchange of securities, nor a request for any vote or approval in any other jurisdiction.

FY 2022 Key highlights

- ✓ **Orders grew** in the year by **+42.6%** to €407.3 million, well above market growth. All geographic regions and business segments grew by double digit.
- ✓ **Revenue** increased by **+22.7%** to €345.9M. **Q4** becomes the first quarter **above €100 million** of sales.
- ✓ **Direct margin improved** progressively throughout the year to reach **31.1% in Q4 2022** vs 30.6% in FY 2021.
- ✓ **EBITDA** reached €30.1 million, **growing by +15.4% y/y**, showing an **improvement trend in the second half** of the year.
- ✓ **Deleveraging continues** to **1.63x NFD/EBITDA** at 31 December 2022 **vs 1.95x** in 2021.
- ✓ **Profit for the year** decreased by -4.4% compared to the previous year, to **€8.3 million**.
- ✓ **M&A Plan: Integration** plans **successfully completed** in ESITAS (medium voltage transformers in Turkey and Indonesia), SDO (optical transformers in Australia) and JV with Hitachi (gas-insulated transformers in Spain). **Robust backlog** of projects for the coming years.

FY 2022 Financial highlights

(1) Direct margin = Income at selling price – procurement – direct labor – direct operating expenses.

(2) Profit for the year is the reference figure for the purpose of allowing a homogeneous comparison since it includes the result attributed to external partners (€0.6 million). In addition, the result was negatively impacted by €1.4 million due to an accounting adjustment as a result of the hyperinflation declared in Turkey.

Backlog: 167,4 M€

Revenue by geographical region⁽¹⁾ (€m,%)

(1) Revenue by destination: EMEA (Europe, Middle East and Africa), NAM (Mexico, USA and Canada), APAC (Asia Pacific and Turkey), LATAM (South and Central America).

(2) In FY 2021 revenue data by geographic region, Turkey's turnover has been reclassified to APAC region.

Revenue growth in all quarters

Historical record reached in the fourth quarter

Quarterly revenue (€ million)

Positive contribution from all businesses

Measurement and monitoring systems

Maintaining the Top 3 in HV and advancing to the Top 10 in MV

- ✓ Growth **above** market and strategic plan objectives.
- ✓ Successful integration of ESITAS that improves our market share in **Asia**.
- ✓ Development of a **globally competitive supplier base** for key components in **Turkey**.
- ✓ **Technological leadership** in optical measurement thanks to **HVDC** and **nuclear fusion**.
- ✓ **Renewal** of **framework agreements** in transmission utilities (Redeia ES, RTE FR, CFE MX).
- ✓ Joint launch with **Hitachi** of the first 420kV **GIS** (Gas Insulated Switchgear) transformer with a **sustainable gas alternative**.
- ✓ Increase in production capacity in **Mexico** to cover the **US market**.
- ✓ **Doubling** Turkey's **productive capacity**.

Revenue by business division (€m,%)

T&D Grid automation

Development of new product platforms and markets

- ✓ End of tests for **new protection and control platform**.
- ✓ Kick-off R&D project for **new range of railway relays**.
- ✓ Web digitization of relay orders (**Arteche Online Store**).
- ✓ Obtaining **technical approvals** in **APAC** (Laos, Vietnam and Indonesia for Bay Control Units).
- ✓ **Flag Projects** for protection and control in Honduras, Chile, Italy and Mexico.

Network Reliability

Definition of a new renewable energy business strategy

- ✓ **Recovery of post-COVID-19 reclosers** markets.
- ✓ **End** of the 38kV recloser project and **progress on the improved 15kV model**.
- ✓ **Double-digit growth in Power Quality** with recovery of the **US and Mexico** market.
- ✓ Progress in the **servitization** process with **new value propositions** (network studies in Power Quality).

Progressive recovery of the direct margin during FY2022

Revenue growth offsets adverse cost inflation environment

Direct margin⁽¹⁾ by quarter (% of income at selling price⁽²⁾)

Direct margin evolution (€m, % of income at selling price)

(1) Direct margin = Income at selling price – procurement – direct labor – direct operating expenses.

(2) Income at selling price = Revenue +/- change in inventories at selling price.

EBITDA FY 2022

Growth of 15.4% in the year

EBITDA evolution year on year
(€ million,% of revenue)

- EBITDA increased as a result of **higher sales volume**, **updated sales prices** and **plant productivity improvements**, in a global scenario of rising material and logistics costs and supply chain disruption.
- Despite the **remarkable inflation** in the cost of **energy** in the year (*impact of c. 60 basis points on EBITDA margin*), the company's **structural costs** remain **stable** at around 24% of sales.

Net profit FY 2022

Profit for the year reached €8.3 million

In € million	FY 2022	FY 2021	% y-o-y
EBIT (Operating profit)	14.3	12.5	+14.4%
Financial result	-3.5	1.3	<i>n.a.</i>
Income tax	-2.5	-5.1	-52.2%
Profit for the year⁽¹⁾	8.3	8.7	-4.4%
Minorities	-0.6	-0.2	+271.3%
Profit attributable to parent company	7.7	8.5	-10.0%

(1) Profit for the year is the reference figure for the purpose of allowing a homogeneous comparison since it includes the result attributed to external partners (€0.6 million). In addition, the result was negatively impacted by €1.4 million due to an accounting adjustment as a result of the hyperinflation declared in Turkey.

Shareholder remuneration: The Board of Directors **proposes the distribution of a dividend against FY 2022 results** amounting to **€2.3 million**, equivalent to a **pay-out of 30%**.

Net financial debt at December 31, 2022

Leverage ratio improvement in FY 2022

Net financial debt (NFD) / EBITDA

Progressing in our ESG Commitment

CDP SUPPLIER ENGAGEMENT RATING REPORT 2022

The **Supplier Engagement Rating (SER)** evaluates companies' performance in terms of governance, targets, scope 3 emissions and commitment to the value chain in CDP's Climate Change questionnaire.

CDP SCORE REPORT CLIMATE CHANGE 2022

The **CDP Score Report** allows companies to understand their score and indicate which categories require attention to reach higher scoring levels.

Arteche signs with BID Invest⁽¹⁾ the first reverse factoring sustainable line amounting to USD 20m.

- ✓ **Positive impact** on production plants in **Mexico** (30% of the Group's total revenue).
- ✓ **Arteche** is positioned as the **first company** chosen by IDB Invest to sign a reverse factoring line with **sustainability criteria**.
- ✓ Under the line, **Arteche's suppliers in Mexico, Argentina and Brazil**, mostly micro, small and medium-sized enterprises, will be able to sell their invoices (accounts receivables), payable and confirmed by Arteche to IDB Invest to accelerate the collection of these.
- ✓ **Economic incentives** have been incorporated for those suppliers that provide Arteche with their products in **sustainable packaging**, either packaging that does not have single-use plastic or that is made of recycled cardboard.
- ✓ Line operated by eFactor's electronic platform.

(1) IDB Invest, a member of the Inter-American Development Bank Group, is a multilateral development bank committed to promoting the economic development of its member countries in Latin America and the Caribbean through the private sector. IDB Invest finances sustainable companies and projects to achieve financial results and maximize economic, social and environmental development in the region.

Progressing in our ESG Commitment

Conclusions 2022 and Outlook 2023

CONCLUSIONS FY 2022

Sound growth in orders (+42.6% y/y) and revenue (+22.6% y/y) in a context marked by strong demand and commercial discipline.

Strength in revenue together with a tight cost management support direct margin recovery (+327 basis points Q4/Q1 2022).

Focus on cash flow generation (special focus on inventory management) to reinforce our balance sheet in order to face future growth.

Our record **order backlog** provides business visibility and is a source of strength and resilience.

- ✓ **Direct margin** recovered at pre-crisis levels.
- ✓ We expect **EBITDA to continue to improve** as a result of sales growth, increased operating leverage and further internal efficiencies.

Ongoing commitment to ESG that's creating value for all stakeholders.
